ATALANTA Marine

FOUNTAINE PAJOT | ISLA 40 - 2023

Lightly used and presented in exceptional condition, this 2023 Fountaine Pajot Isla 40 offers generous living space in an easy-to-handle 40-foot sailing catamaran. The bright saloon opens directly onto a sheltered aft cockpit, creating one inviting space for dining and relaxing at anchor. Her shallow draft is ideal for island hopping, while the raised helm offers good visibility underway.
Well suited to private cruising or charter, the Isla 40 combines comfortable shared spaces with manageable proportions. The four-cabin Quatuor version is particularly appealing for charter, with four double cabins that give families and groups of friends flexibility.
